

Internet Relay Chat

Software Freedom Day 2019

Sonia Singla

What is IRC?

- ❑ Multi-user chat program
- ❑ Users interact in channels
- ❑ Servers connect to each other to create networks

What is IRC Client?

- 01 An IRC client is the vehicle that connects you to the global network of IRC servers.
- 02 Applications like WeeChat , HexChat , XChat, Chatzilla etc.
- 03 IRC doesn't keep when you are offline.

IRC Bouncer

Pick an IRC Client

- ❑ Web Client (Mibbit, Kiwi IRC)
- ❑ Desktop Client (Hexchat, Weechat, Thunderbird)
- ❑ Mobile Client (HoloIRC, IglooIRC)

How to setup IRC Bouncer?

Either you can install it on your own server or get a free BNC from some BNC provider.

Connect to IRC Server

4603 users lag: 417ms
